30 days

FLOOD ROOFING · AT A GLANCE

YEARS ON THE TOOLS  
**15+**  
Owner-operated

MAXAM WARRANTY  
**25 yr**  
Backed by NZ Steel

WORKMANSHIP  
**10 yr**  
Every roof we install

LICENSED BUILDING  
**LBP**  
Northland-based

Flood Roofing is a Northland-based roofing specialist established in 2016. Owner Aron Flood has 15+ years on the tools — from high-end architectural homes through to large commercial re-roofs — and only hires the best team along the way. We install premium NZ-made Colorsteel® Maxam and Endura products only, and back every roof with a written 10-year workmanship warranty.

**Premium NZ materials**  
Colorsteel® Maxam, Endura and other top-tier NZ Steel products only — no parallel imports.

**15+ years on the tools**  
Every job is supervised on-site by an experienced lead roofer. Owner-operated.

**10-yr workmanship**  
A written workmanship warranty on every roof, in addition to the NZ Steel manufacturer cover.

**LBP & insured**  
Licensed Building Practitioner. Public liability + contract works cover, SiteSafe certified.

Replace 6m of south-elevation spouting in matching Maxam colour.

UPGRADE TOTAL INCL. GST

\$814.20

# Colorsteel® Maxam®

Maxam is NZ Steel's top-tier pre-painted roofing & cladding coil — engineered specifically for New Zealand's harshest atmospheres. Heavier zinc-aluminium coating, thicker paint film, and a tougher Colorbond finish than standard Endura. It's what we use whenever a job is close to the coast or has long-life expectations.

MANUFACTURER'S WARRANTY

## Up to 25 years\*

Perforation warranty in Severe Marine zones (zone < 100m to surf) — substantially longer than standard Endura. Paint film and weather-side cosmetic warranty also included. \* Subject to NZ Steel published exposure zones & standard install / wash requirements.

WHY MAXAM?

- **Severe-marine grade** — formulated for coastal Northland.
- **Heavier substrate** — Galvalloy® AZ200 zinc-aluminium coating vs AZ150 on Endura.
- **Thicker paint film** — better UV / chalk resistance.
- **Wider colour range** — including premium Maxam-only colours.
- **Warranty is transferable** to the next owner.

MAXAM VS ENDURA AT A GLANCE

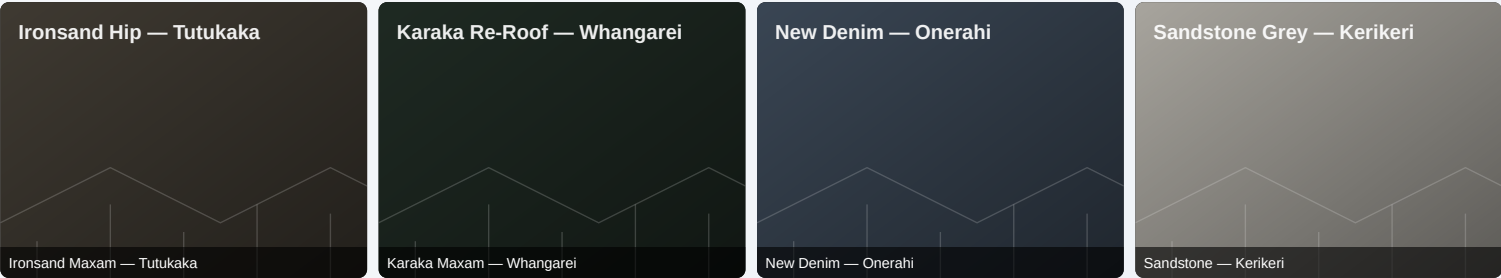

|                        |        |        |
|------------------------|--------|--------|
| Substrate              | AZ200  | AZ150  |
| Severe Marine warranty | 25 yrs | N/A    |
| Marine zone warranty   | 30 yrs | 20 yrs |
| Paint film warranty    | 15 yrs | 12 yrs |

MAXAM® COLOUR PALETTE

Approximate colour rendering — final selection from NZ Steel's physical Colorsteel® Maxam chip card. Premium and standard colours both at no extra charge.

MAXAM IN THE FIELD

☐

OPTION A

**Standard Re-Roof — Colorsteel® Endura**

Strip and replace using NZ Steel's standard Endura corrugate — proven NZ-made pre-painted steel with a 15-year manufacturer's warranty.

UPGRADES

☐

**Upgrade to 0.55mm Heavy-duty fixings**

Stainless tek screws + EPDM washers throughout. Recommended on coastal sites.

\$20,297.50

☐

OPTION B

**Premium Maxam Re-Roof — coastal-grade**

Upgraded to Colorsteel® Maxam — thicker zinc-aluminium coating and a tougher paint film, engineered for Severe Marine zones. Best long-term value within 100m of the surf.

UPGRADES

☐

**Re-line existing spouting in Maxam**

Replace 6m of south-elevation spouting in matching Maxam colour.

\$23,362.48

10-year workmanship warranty. Materials carry NZ Steel's 25-year perforation warranty in this exposure zone. 25% deposit on acceptance, 50% progress on completion of roof & gutters, 25% on practical completion. Quote valid 30 days.

|                                                                                   |                                                                                              |                                                                                    |
